We're now planning to **expand into Melbourne with the launch of a new face-to-face clinic** — and seeking passionate psychiatrists to help shape this exciting next chapter. Leverage our reputation and infrastructure to start with a full patient schedule and strong support from day one.

✅ **STRONG REFERRAL NETWORK:** Access a GP referral network of over **15,000 clinics across multiple states**, ensuring a consistent and robust patient base.

✓ **ESTABLISHED PATIENT BASE AND THRIVING PATIENT NETWORK:** In 2024, our clinic demonstrated its strength and patient demand by conducting over **20,000 consultations**, and maintaining a robust database of **17,000 existing patients**. These numbers highlight the clinic's well-established reputation, thriving patient network, and the consistent workload available to our psychiatrists.

✓ **EXCEPTIONAL EARNING POTENTIAL:** Enjoy above-industry rates with an estimated average **net income of \$4,500 to \$6,000 per day**. We also offer a **minimum net income guarantee** of \$4,500 per day for the first 6 months, providing strong financial stability as you establish your practice.

✓ **GET STARTED WITH A \$3,000 BONUS:** Join our growing team and receive a **\$3,000 signing bonus** - just one of the many ways we invest in our clinicians.

✓ **FLEXIBLE SCHEDULE WITH WORK-LIFE BALANCE:** We are recruiting **Psychiatrists to join the launch of our new Melbourne face-to-face clinic, with flexible part-time or full-time options (minimum 2 days per week)**. Roles are also available at our established Sydney clinic and via Telehealth. All positions offer no inpatient or on-call duties, supporting a sustainable and balanced practice. This arrangement provides the **flexibility to achieve a balanced and fulfilling work-life dynamic** while accommodating patients' scheduling needs.

✓ **HASSLE-FREE COMPREHENSIVE ADMINISTRATIVE SUPPORT:** Supported by a 20+ member reception team and team supervisors, our clinic offers **all-inclusive services** that manage all non-clinical responsibilities, including scheduling, billing, marketing, and bookkeeping. With established procedures and streamlined operations, we ensure a smooth, efficient workflow that allows psychiatrists to focus on patient care.

✓ **EXCEPTIONAL FACILITIES – SYDNEY & MELBOURNE:** Our **Sydney clinic**, located in the heart of Strathfield just 2 minutes from the train station, has been operating since 2020 and features 8 modern, well-equipped consulting rooms in a calm and welcoming environment. We're now planning the **launch of our new Melbourne clinic**, and it will be purpose-built with the same focus on comfort, functionality, and clinician experience — shaped with input from the psychiatrists who join us.

✓ **HIGH PSYCHIATRIST RETENTION RATE:** Psychiatrists value the positive workplace culture and fulfilling work environment, with the **majority of our Psychiatrist choosing to stay for 2 years or longer**.

✓ **CONTINUITY OF CARE MODEL:** **Ongoing patient care rather than one-off assessments**. Over 99% of our telehealth consultations use **billing code 296**, reflecting our commitment to long-term patient relationships.
